

WasteWise Company Profile

WasteWise is a modern Africa-based waste management company dedicated to keeping our communities clean, healthy, and sustainable. We provide an easy-to-use service where customers can place an order for garbage collection, and our team handles the rest. With our structured system, waste management has never been easier.

What We Collect:

- 1 Plastic waste
- 2 Organic waste
- 3 Paper & cardboard
- 4 Glass
- 5 Metal
- 6 Electronic waste
- 7 Household garbage
- 8 Community waste

Areas We Operate:

We are available across Africa, with a strong presence in Kenya and affiliated operations in: Uganda, Tanzania, Rwanda, Ethiopia, and Nigeria.

In Kenya, we serve major towns and counties including:

- 1 Nairobi
- 2 Nakuru
- 3 Kisumu

We are available daily from 8:00 a.m. to 6:00 p.m.

Pickup Scheduling:

In Kenya, customers can schedule pickups on Tuesday, Thursday, and Saturday. Next-day scheduling is available, but same-day pickups are not.

Leadership Team:

Partnership with City Councils across different counties

Dedicated WasteWise Team Members

Our team is passionate about building a cleaner and greener Africa.

Recycling Partners:

After collection, recyclable waste is directed to certified recycling companies that handle plastics, electronics, metals, and glass. These partnerships ensure that collected waste is repurposed, reducing landfill use and promoting sustainability.

Waste Separation & Rewards:

Customers are encouraged to separate their waste before pickup. The better the separation, the more points they earn. These points translate into reduced payment costs, encouraging responsible waste management and rewarding sustainable practices.

Payment System:

Currently, payments are integrated with M-Pesa for easy and secure transactions. In the future, WasteWise will introduce more payment options including bank transfers, debit/credit cards, and digital wallets to give customers flexibility.

Our Mission:

To provide reliable, efficient, and eco-friendly waste collection services for households, apartments, and communities across Africa, with a strong focus in Kenya.

Our Vision:

To create a cleaner, healthier, and sustainable environment for future generations.
